

Babyshambles, Crumb Begging Baghead

Don't take me for no sunbeam
Don't take me for no sunbeam
No sunbeam no sunbeam
Another faction of
And no detection of
Another tax out of your life
Don't take me for no sunbeam
Don't take me for no sunbeam
No sunbeam no sunbeam
Cause I'm a crumb begging baghead baby yeah
Crumb begging baghead baby yeah
Bet you say that to all of the girls
All of the long lost wars
Any cause is worth dying for
What passing bells for those who die like cattle again and again and again and again
Now, don't take me for no sunbeam
Don't take me for no sunbeam
No sunbeam no sunbeam
I'm a crumb begging baghead baby yeah
A crumb begging baghead baby yeah
Bet you say that to all of the girls
If you ever smile
In the street, crocodiles
I doubt you'd ever smile again
Now, don't take me for no sunbeam
