

Babyshambles, Crumb Begging Bahead

Don't take me for no sunbeam
Don't take me for no sunbeam
No sunbeam no sunbeam

Just another faction of
Like another fraction of
Another tax out of your life

Don't take me for no sunbeam
Don't take me for no sunbeam
No sunbeam no sunbeam

I'm a crumb begging baghead baby yeah
Crumb begging baghead baby yeah
Bet you say that to all of the girls

All of the long lost wars
Any cause worth dying for
What passing bells for those who die like cattle again and again and again and again

Don't take me for no sunbeam
Don't take me for no sunbeam
No sunbeam no sunbeam

I'm a crumb begging baghead baby yeah
Crumb begging baghead baby yeah
Bet you say that to all of the girls

If you ever smile
In the street of crocodiles
I doubt you'd ever smile again

Don't...
Yeah !
