

Backstreet Boys, No Goodbyes

Backstreet Boys

Miscellaneous

No Goodbyes

Im yours, completely

I feel, so deeply

youre my first thought everyday

and i want it that way

My life, is for you

and I, adore you

I love you more everyday

and I want it that way

Chorus:

No goodbyes

aint nothing but a heartache

No more lies

aint nothing but a mistake

that is why

I love it when i hear you say

I want it that way

My heart, is on fire

such a strong, desire

yes i know its too late

but i want it that way

CHORUS

I gave you my heart

baby right from the start

and thatps the way itll always be

no matter the distance

i want you to know

that deep down inside of me

You are my fire

the one desire

you are (4x)

dont wanna hear you say

aint nothing but a heartache

aint nothing but a mistake

i love it when i hear you say

i want it that way

CHORUS

cause i want it that way
