Backstreet Boys, Treat Me Right

The first night that we met I will never forget
Baby, you were a star
Oh, from that point in time
It was always you and I shining so beautiful
Later, out with your friends
You treat me like I'm dead
It was like I'm invisible
That was unforgivable
I just wanna let you know
Situation's unlivable
I can't let it go
Tell me why you say that you want me
When all you ever do girl is push on my buttons
You always bring me down in public
When nobody's around you say that you love me
Make me say, oh, no
I see you all alone
I'm half way out the door
Unless you turn around and treat me right
Oh, you got me twisted, oh, you got me twisted
I'm not someone you can just disrespect, oh
How would you feel if you were in my shoes?
Feelin' used, with a heart bruised
The situation's critical
Relationship is pitiful
Everything's fallin' apart
'Cause you're so hypocritical
Tell me why you say that you want me
When all you ever do girl, is push on my buttons
You always bring me down in public
When nobody's around you say that you love me
Make me say oh, no
I see you all alone
I'm half way out the door
Unless you turn around and treat me right, oh
You-you-you're just no good for me
You're no good for me
You're just no good for me
I know you're no good for me
You know it's wrong to treat me cold
You have no one to hold
One day I'm gonna say, goodbye
What's it gonna be 'cause girl, I'm gonna leave
Unless you turn around and treat me right, yeah
So tell me why you say that you want me
When all you ever do girl is push on my buttons
You always bring me down in public
When nobody's around you say that you love me
Make me say oh, no
I see you all alone
I'm half way out the door
Unless you turn around and treat me right
I see you all alone
I'm half way out the door
Unless you turn around
And treat me right
Just treat me right, oh
Just treat me right
Say that you want me
Just treat me right, oh no
Just treat me right
So tell me why you say that you want me
When all you ever do girl is push on my buttons
You always bring me down in public

When nobody's around you say that you love me
Make me say, oh no
I see you all alone
I'm half way out the door
Unless you turn around and treat me right
I see you all alone, yeah
I'm half way out the door
Unless you turn around and treat me right
