

Backstreet Boys, Trouble Is

How come you never know what you got
Until it's gone
Too bad 'cause I never felt so good with anyone
How fool was I into thinking I was gonna be alright, okay, fine
So every day I try a little harder to forget her
I lie here, convince myself tomorrow will be better
The trouble is I can't get her out of my mind
When I close my eyes at night
Who's gonna save me, now she's gone, yeah
The trouble is there's a part of me
That still can't let go off her memory
And now I know what it is, love is what the trouble is
Love is what the trouble is, yeah
How come she said, "You never wear your heart
Where I can see"
Too bad, 'cause now I'm the one who's sorry, yeah
How stupid was I into thinking I was gonna be alright, okay, fine
So every day I find a little something to remind me
No matter how I try, I can't put the past behind me

The trouble is I can't get her out of my mind
When I close my eyes at night
Who's gonna save me, now she's gone
The trouble is there's a part of me
That still can't let go off her memory
Now I know what it is
Love has left me lonely
I'm alright, I'm okay, I'll be fine, give me time
But the only
Trouble is I can't get her out of my mind
When I close my eyes at night
Who's gonna save me, now she's gone, she's gone
The trouble is there's a part of me
That still can't let go of her memory
And now I know what it is, yes, I do
Now I know what it is
'Cause love is what the trouble is, the trouble
Love, love is what the trouble is, hey, hey
