Backstreet Boys

Miscellaneous

You Wrote The Book On Love

Nick: When I first met you

My life turned a page

Chapter one was how true love was made

You taught me with your kiss

Things about romance I missed

Oh mm..mm..

You knew everything from A to Z

What pleases you

And what pleases me

Girl, when you touched me

I began to understand, ohhhhh....

Nick (Chorus): Ohh...you

You wrote the book on love

(All: You wrote the book on love)

And I wanna read every word

So I know everything about you

Ohh...you

You wrote the book on love

(All: You wrote the book on love)

Girl, I just can't get enough

Your love, I know

You wrote the book on love

Nick: Oh Brian help me sing

Brian: Each time I hold you

I find something new

Cause I know what love about you babe (Note: Don't know what he says, if you figure it out, e-mail

Girl I've discovered at mulder6@excite.com. Thanx!)

You bring out the lover in me, yeah, yeah

You're like a fire that burns in my soul

Like a volcano I'm ready to blow, babe

Cause every time I look at you

I feel love I can't explain, ohhhh

Brian (Chorus): Ohh...you

You wrote the book on love

(All: You wrote the book on love)

I wanna read every word

Till I know everything about you

Ohh...you

You wrote the book on love

(All: You wrote the book on love)

Girl, I just can't get enough

Of you

Oh you wrote the book on love, on love

Brian: I hear what your heart is saying to me (All: Saying to me)

I see the picture so clearly

I'm thirsting for the knowledge

True love brings me

When you're near me, me yeah

Brian: You wrote the book on love

(All: You wrote the book on love)

Girl, I just can't get enough

Of you

Oh you wrote the book

Oh you, you wrote the book on love

(All: You wrote the book on love)

And I wanna read every word  
Cause you babe, you wrote the book  
Oh you  
You wrote the book on love  
(All: You wrote the book on love)  
And I wanna read every word  
Till I know everything about you  
You wrote the book on love  
Ohh...you  
You wrote the book on love  
(Continue Until Fade)
