

# Bad Brains, How Low Can A Punk Get?

I didnt mean to rip off  
I thought it was a get off of mine.  
I tried to make the scence off.  
The plan was doomed to set off on time  
The time that I was wastin  
I spent chasin in the pits.  
And now I pay the price  
To make the sacrifice of a fool.  
I was on me.  
I choose not to be  
Cheated on part of thrill.  
Bargained was not fulfilled.  
Lost in a crazy scheme  
That got strapped up in my dream.  
And now my times run out.  
Oh, whats it all about?  
Another D.O.A.  
Can you help me  
How low can the punk get  
HUH HUH AHHAHH  
My.My.My.  
How low can the punk get
