Bad Examples

Cheap Beer Night

Feed You To The Sharks

Well you were having your fun

Just lying in the sun

Now you can stand like a man

But if you're smart enough you're gonna turn and run

I can feel it in my heart

They're gonna feed you to the sharks

Well it's hard to believe

You're not the only mouth to feed

And your sense of adventure's gonna fade

When you see yourself bleed

I can feel it in my heart

They're gonna feed you to the sharks

Well take a deep breath

While you still have one left

Cause you'll be walking on water

In the valley of the shadow of death

And i can feel it in my heart

They're gonna feed you to the sharks

Well you were having your fun

Just lying in the sun

Now you can stand like a man

But if you're smart enough you're gonna turn and run

I can feel it in my heart

They're gonna feed you to the sharks
