

# Badfinger, I Got You

No time like the present  
No good looking back  
No lives like the future  
No bugs in my path  
'Cause I got you, you, you, you  
'Cause I got you  
Don't need no reflection  
Don't analyze my feel  
I found my perfection  
Got all that I need  
Yeah, 'cause I got you, you you you  
'Cause I got you  
You're all that I'm after  
And all you can be  
You call when I answer  
You fall when I plea  
You're all that I'm after  
And all you can be  
You call when I answer  
You fall when I plea  
No time like the present  
There's no good looking back  
No lives like the future  
No bugs in my path  
'Cause I got you, you you you  
'Cause I got you  
'Cause I got you  
You, you, you  
'Cause I got you, you, you, you  
'Cause I got you, you, you, you  
'Cause I got you, you, you, you  
'Cause I got you, you, you, you  
'Cause I got you
