Badu Erykah

Mama's Gun

My Life

I was standing downtown, downtown  
Staring at the pebbles on the ground  
Tryin to figure out a way up out of this town  
And I know yeah, I'm not the only one  
So many people out there chase the sun

If you're looking for a free ride, you better run chile  
Or you sure won't get too far, oh  
You'd better dance a dance  
To make the rain come down  
If you want to be a star, oh my life

My Life

(Brother you know)

Sho ain't been too easy

My life

(Sister you know)

The life I wanna live

My life

(Mama you know)

You're gonna go through changes

My life

No turnin back

(I'm tellin' you no)

Evernow and then I  
Wanna to throw my hands up in the sky  
Cause one day I know I'll be flyin high  
And I know yeah I got to get down  
On my knees and pray  
Cause in heart I know I'll see that day

When my freedom comes along  
I'm gonna run chile  
Cause I know that I'll go far oh, oh  
Can't let nobody kill my soul and bring me down  
And they know who they are, oh my life

My Life

(Brother you know)

Sho ain't been too easy

My life

(Sister you know)

The life I wanna live

My life

(Mama you know)

You're gonna go through changes

My life

No turnin back

(I'm tellin' you no)

My Life

(Brother you know)

Sho ain't been too easy

My life

(Sister you know)

The life I wanna live

My life

(Mama you know)

You're gonna go through changes

My life

No turnin back  
(I'm tellin' you no)

No turning back  
Yeah oh baby  
No turning back  
Yeah oh  
No turning back  
Yeah oh baby  
No turning back  
Yeah  
No turning back...
