

Balligomingo, Wild Butterfly

Set your soul adrift Wild Butterfly
Let your spirit free Wild Butterfly
Moments come and fall to the ground
And slowly fade away

Lift it up
Lift it up up and fly
Lift it up
Lift it up up and fly

Set your course you'll see Wild Butterfly
Towards the sun, to me Wild Butterfly
Why don't you go
Fly so far away

I know what you want
I know what you'll see
I know what you want
I know what you'll see

Lift it up
Lift it up up and fly
Lift it up
Lift it up up and fly
