

# Bananarama, Blue Skies

If I told you, you wouldn't believe it  
You stopped my heart from beating  
Every second I am dreaming  
I wanna be with you

And together we'll get high  
Into this world of mine  
So won't you come inside of me

I'm flying  
High on your blue skies  
I ride on your land  
I'm sailing away on your oceans  
Your oceans of love  
Your oceans of love  
Your oceans of love

Wanna touch you when you're sleeping  
Let me feel you breathing  
I'm gonna take you dipping  
Deep inside my heart

And slowly we unwind  
You're rushing through my mind  
Your body moves in time with me

I'm flying  
High on your blue skies  
I ride on your land  
I'm sailing away on your oceans  
Your oceans of love  
Your oceans of love  
Your oceans of love  
Your oceans of love  
Your oceans of love
