

Bananarama, Crazy

You broke my heart
When you walked away
You tell me you made a mistake
So you're back to bother me
You think that you're just what I need
Well baby let me tell you that you're wrong

Baby don't you treat me this way
I'm sick and tired of you
And everything that you say
And everything you do
Get out of my face
Because you're crazy

I need a lover who treats me right
Not one who's cold as ice
Had your chance, but now it's gone
Baby it's time to move on
You think that I still want you but you're wrong

Baby don't you treat me this way
I'm sick and tired of you
And everything that you say
And everything you do
Get out of my face
Because you're crazy

Baby don't you treat me this way
I'm sick and tired of you
And everything that you say
And everything you do
Get out of my face
Because you're crazy

Don't come back I don't wannasee you
Don't come back cause I don't need you
Must be mad to think I believe you now
Don't come back cause I don't need you
Don't come back I don't wanna see you now

Baby don't you treat me this way
I'm sick and tired of you
And everything that you say
And everything you do
Get out of my face
Because you're crazy

Baby don't you treat me this way
I'm sick and tired of you
And everything that you say
And everything you do
Get out of my face
Because you're crazy

Get off my back' get off my back' get off my back'
Get off my back' get off my back' get off my back'
