

Bananarama, I Don't Care

Sometimes in you life you have to make decisions
Some people don't understand
Even when you know you're gonna hurt somebody
You have to stand your ground

Sometimes you have to be cruel to be kind
But don't look back if you made up your mind

I don't care if people say those things about me
I know my intentions are good
Even when you tell the truth you can be misunderstood

Falling outta love you know it's not forever
It's just the easy way out
Clinging to a dream that you both had together
That's not what love's about

Right now you don't understand why I'm leaving
One day you'll know I was doing the right thing

I don't care if people say those things about me
I know my intentions are good
Even when you tell the truth you can be misunderstood

I don't care if everybody finds me guilty
Even if I'm not around
I don't care if I'm alone without a friend to be found

I don't care
I don't care
I don't care
I don't care

Sometimes you have to be cruel to be kind
But don't look back if you made up your mind

I don't care if people say those things about me
I know my intentions are good
Even when you tell the truth you can be misunderstood

I don't care if everybody finds me guilty
Even if I'm not around
I don't care if I'm alone without a friend to be found
