

# Bananarama, U R My Baby

I can see everything from here tonight  
And who knows my destiny up in the sky

I wanna ride, I wanna fly  
I wanna see the 7 wonders of the world  
I wanna live, I wanna die  
I wanna see the heavens in your eyes

I feel U moving closer  
I feel U inside me  
The waiting will soon be over  
And U will be mine

Cause U R my baby  
Don't U, don't U feel it baby  
Cause U R my baby  
Won't U, won't U say it baby  
Cause U R my baby  
Take me in your arms and take me  
Cause U R my baby  
Love me, love me baby baby

U woke me from my underworld of dream  
Your salty waters takes me in so deep

I feel U breathe, I'll never need  
Access of water as they're rushing over me  
The pain I feel it pleases me  
It takes me up to the land of make believe

I'm tripping solely over  
The edge of my mind  
U got me going crazy  
I'm lost in your eyes

Cause U R my baby  
Don't U, don't U feel it baby  
Cause U R my baby  
Won't U, won't U say it baby  
Cause U R my baby  
Take me in your arms and take me  
Cause U R my baby  
Love me, love me baby baby

I feel U moving closer  
I feel U inside me  
The waiting will soon be over  
And U will be mine

Cause U R my baby  
Cause U R my baby  
Cause U R my baby  
Don't U, don't U feel it baby  
Cause U R my baby  
Won't U, won't U say it baby  
Cause U R my baby  
Love me, love me baby baby  
Cause U R my baby  
Take me in your arms and take me

Cause U R my baby  
Don't U, don't U feel it baby  
Cause U R my baby  
Won't U, won't U say it baby

Cause U R my baby  
Take me in you arms and take me  
Cause U R my baby  
Love me, love me baby baby
