

# Banaroo, Let

My board is my freedom  
My heaven is you  
The noses are frozen  
The fingers are blue  
The party is endless  
We cherish the night  
Come on, take your snowboard  
Lets go for a ride  
My style is emotion  
Im wild and Im free  
You get what you ask for  
You see what you see  
The party is endless  
We cherish the night  
Come on, take your snowboard  
Lets go for a ride
