

Bang!, Shooting Star

Like a shooting star
Across the midnight sky
Wherever you are you're gonna see me fly

(Across the midnight sky)

Where were you to hold my hand
Do the things that we had planned
Yes I need you by my side
When things go crazy
I just need to know you're here
Guarantee that you'll be there
When I wake up in the night
Will you be my guiding light

I don't care how far
I'll take a plane, tonight
Just tell me where you are and everything's gonna be all right

Like a shooting star
Across the midnight sky
Gonna fly, just to be with you tonight

So high
