Where Were You When I Needed You
(p. f. sloan/s. barri)

Don't botter cryin'
Don't botter crawlin'
It's all over now
No use in stallin'
The love i once felt
I don't feel anymore for you
This time i'll even
Open the door for you

You walked out
When i was down
Well now i'm well off
And look who's comin' around

Where were you when i needed you
Where were you when i wanted you
Where were you when i needed you
Where

You're looking good
It's hard to fight it
There's no use explainin'
I've already decided
That livin' without ya
Is worse than without ya
I won't spend a lifetime
A-worryin' about ya

Things got rough
And you dissappeared
Now i'm back on my feet
And look who's standing there

Where were you when i needed you
Where were you when i wanted you
Where were you when i needed you
Where

You were so young
And you were so wild
I knew you were nobody's
Innocent child
The first day i saw you
You really got me
I thought i could change ya
What good did it do me

Things got rough
And i couldn't wait
Now you're trippin' back
But babe, it's too late

Where were you when i needed you
Where were you when i wanted you
Where were you when i needed you
Where
