

BANKS, Brain

But it's all the same
Like I had foreseen
That you would act like you are
Oh so cool you seem
Blending with that scene
Wearing what you think is hard

Weah, yeah!
Weah..., yeah...
Weah, yeah!

I can see you struggling
Boy don't hurt your brain
Thinking what you're gonna say
'Cause everything's a game
Always try to calculate
Trying to look smart
But not too smart to threaten anything they say

Weah, yeah!
Weah..., yeah...
Weah, yeah!

But it's all the same
Like I had foreseen
That you would act like you are
Oh so cool you seem
Blending with that scene
Wearing what you think is hard
