

BANKS, This Is What It Feels Like

I hang on everything that you say
You knowing i see all the things then cry
You secretly are in love
And finally when I let myself fall hard for you
I see you trying to pretend
Like I?m making it up
This is what it feels like
This is what it feels like

Bring it down, bring it on
Bring it now, bring it up
This is what it feels like now
It?s gettin' old
Bring it down, bring it on

Remember the first time that we met
You said that you couldn?t sleep cause of me
told me I caught you off guard
And then when you saw I felt the same
You pulled away
Started acting like bein' with me was too hard
This is what it feels like
This is what it feels like
This is what it feels like

Bring it down, bring it on
Bring it now, bring it up
This is what it feels like now
It's gettin' old
Bring it down, bring it on

Bring it down, bring it on
Bring it now, bring it up
This is what it feels like now
It's gettin' old
Bring it down, bring it on

Bring it down, bring it on
Bring it now, bring it up
This is what it feels like now
It's gettin' old
Bring it down, bring it on
