

Barely Blind, '97 Called

What's that in your head?
A simple melody
That left with you the night that you conceived
We'd be better off
Going at it alone
What's that in my head?
It's just the thought I see
Of a time that you'd come running back to me
But it's this daydream
And I'm waking alone
Cause this just isn't me
Baby, watch my head spin
Can you hear me scream?
This just isn't me
Baby, can you see me?
I fall apart at the seams
What's that which you hear?
It's just a song I sing
To myself at night when I can't fall asleep
Because I'm laying here thinking all about you
Cause I've got
So much time
I'm gonna
Scream out until I get this right
You know I'd rather make a scene
Than be forgotten
This just isn't me
Baby, watch my head spin
Can you hear me scream?
This just isn't me
Baby, can you see me?
I fall apart at the seams
I'm burned out
I'm sick of this
In other words, oh!
You say that you never planned to stick around
Well baby, I have to say that's news to me
Yea, news to me
Girl, I'm tired
I'm tired here
Girl, I...
You don't give a shit,
Just say it's over
I'm best moving on
If that's what you want
Then that's what you want
Cause this just isn't me
Baby, watch my head spin
Can you hear me scream?
This just isn't me
Baby, can you see me?
I fall apart at the seams
What's that in your head?
(It's not what you wanted?
It's not what you wanted!?)
This just isn't me
Baby, watch my head spin
Can you hear me scream?
This just isn't me
Baby, can you see me?
I fall apart at the seams
I want everyone to know about it
Should I keep myself around, girl?
(No way, No way!)

I want everyone to know about it
Should I keep myself around?
(No way, No way!)
I want everyone to know about it
Should I keep myself around, girl?
(No way, No way!)
I want everyone to know about it
Should I keep myself around?
