

Bars And Melody, Holiday

We threw it all away
But i wanna fuck today
Take out my phone

We can go on holiday
Fucking in the hall of fame
Take a sit on my throne

And we'll all obey
Babe you kow i won't play no

Abd we threw it all away
How'd we lose a hiliday

She hits me 4 am
And said she wanna fly
I ask her why you with another guy
She said she's sorry
And she doesn'y wanna lie
Told her that i know
You made me fucking cry

I gave my all and you
Want it multiplied
I fucking tried
You fucking lied

Give you an inch
And you want stretch a mile
You fucking lied
I fucking tried
We threw it all away

But i wanna fuck today
Take out my phone

We can go on holiday
Fucking in the hall of fame
Take a sit on my throne

And we'll all obey
Babe you kow i won't play no

Abd we threw it all away
How'd we lose a hiliday
