## Bars And Melody, Holiday

We threw it all away But i wanna fuck today Take out my phone

We can go on holiday Fucking in the hall of fame Take a sit on my throne

And we'll all obey Babe you kow i won't play no

Abd we threw it all away How'd we lose a hiliday

She hits me 4 am
And said she wanna fly
I ask her why you with another guy
She said she's sorry
And she doesn'y wanna lie
Told her that i know
You made me fucking cry

I gave my all and you Want it multiplied I fucking tried You fucking lied

Give you an inch And you want stretch a mile You fucking lied I fucking tried We threw it all away

But i wanna fuck today Take out my phone

We can go on holiday Fucking in the hall of fame Take a sit on my throne

And we'll all obey Babe you kow i won't play no

Abd we threw it all away How'd we lose a hiliday
