

# Bastille, Distorted Light Beam

It isn't enough  
To start a riot  
Distort the light beam

Until i like me  
It isn't enough  
If this is real life

I will stick to dreaming  
Come see what i see  
Feeling like if this is life  
I am choossing of fiction  
Call it faith  
Call it fame  
The fantasy's the same
