

BATTLE BEAST, Black Ninja

In the darkness she is dancing with her lover
In the silence of the mountain hall she'll rest forever

It's a life of a warrior who never comes out
It's a song without music she's one of a kind

She's a black ninja, ninja
She's a black ninja

When tomorrow nothing more is left but sorrow
Then we see her she is the one who brings us horror

It's a life of a warrior who never comes out
It's a song without music she's one of a kind

She's a black ninja, ninja
She's a black ninja

It's a life of a warrior who never comes out
It's a song without music she's one of a kind

She's a black ninja
You can't see her in the night
She's a black ninja
You can't feel her in the dark
