

Beach Boys, South Bay Surfer

Beach Boys

Surfer Girl

South Bay Surfer

Look out here come those south bay surfers

California's gettin' hot

There they go cruisin' down that coastline

Lookin' for their favorite spot

We'll find the big one

Oh the boys are rough and

Ready to handle anything

They take the big one

They've got to be the best thing going

South bay surfers really swing

Okay rock out

Oh chicago can't you hear them

Hear that shore pound slam

(you're gonna eat it)

(smash!)

It rumbles clear to new york city

Detroit back to old miam

Philly back to alabam

You'll catch 'em surfing
