On stage, I make your seed to an or-phan  
Yo, my age an algebraic equation  
Niggas want some? I hit em wit a portion  
Son, The Fifth foursome, armed at the door son  
M-illi-tilla, Dice Raw, quick draw son  
You don't want no more son? That's when more come  
And drag a nigga Eerie Avenue to Oregon, you're all done  
Ladies and gentlemen  
Select the weapon at the gate upon entering, The Roots instrumentaling  
Spark shit, them niggas try to talk shit

South Philly clip a hold into a nigga park it  
Take sneaks, chains and rings and bracelets  
Split back this like we the therapist  
Adrenaline, Fifth mic terrorist, once again

Chorus

Zigga zigga zigga tryin to get a grip but still slip, so lift me up  
Ever since I was a pup I was designed to errupt  
You get to know me, you poke me slowly, when caught puzzin  
Some niggas thought they was, when of course they wasn't  
Punked em wit a dozen of pellets all in they skelet  
Transform, from the norm, start to brainstorm  
Yeah Malik B from The Roots, he ain't gone  
I took the wrong exit, the sign said Langhorne  
I'm trapped up in about five worlds wit live pearls  
Shouts to Armour Akquan who's name is Jalil  
The moat is deep water so let your hand expand it  
Demandin, takin you back like Knotts Landing  
I'm Ralph Cramdon, we out, you'll see in Hampton  
Yo what the what the what the, what the what the what the  
Pivot on this concrete earth until I rot  
Didn't figure how to conquer it yet but still I plot, once again

Chorus

Beans passed the mack and we held em, like hostages  
Rappers see me, hide they face like ostriches  
Dice'll grind your brain into little sausages  
Underwater rap, you know who the bosses is  
North Philly baby, that's where that Raw shit is

You'll get blown out the sky once you get talkative  
A-D devise rise, I fathered it  
So when you see me on the street, don't bother kid  
Just be on your merry way, or you might get slit  
Ask around, wonderin what Dice Raw did  
Lay you on floors like ya gettin carpeted  
You need a special kind of mic for retarded kids  
Me against you's like Kane verse the Partridges  
You wanna battle, change your name to The Forfeitters  
Cuz that's what you do, face to face wit raw niggas  
I give you a bad case of the fucked-up jitters, once again

Chorus

They used to talk shit, but I'ma quiet them  
Kick in the door wit my boys stick to riotin  
First nigga that flinch, I'ma fire em

Used to cop off my man, now I'm supplyin him  
Paid the front row seat watchin Iverson  
First class air crafts what I'm flyin in

Save the jokes for Chris Tucker, Richard Pryor and them  
Used to shotgun in cars, now I'm drivin em  
Used to hustle 'round bars, y'all was robbin them  
Ran up in y'all spot wit Rob and them
