

BEAST IN BLACK, Beast In Black

Berserker

Betrayal in justice
Beheading of the innocent
The spawn of evil celebrate

Fierce anger, blind madness
Invoke the beast of darkness
Black roaring death
Takes over spewing all its rage

Like a hell raisers monster of rage
Unleash a fury trough yours sword of hate
Destroy and murder retaliate
Harness the power of all the beast in black
Berserker

I seek no salvation only retaliation
These roots of wrath grow ever deep.
Apostles impostors foul whores and putrid posers
It's time the your greet dragon slayer

Like a hell raisers monster of rage
Unleash a fury trough yours sword of hate
Destroy and murder retaliate
Harness the power of all the beast in black

The beast is back
The beast in black
The beast is back
The beast in black

Tormented and wounded
Branded and persecuted
Torn inside out
Yet here I stand

Fierce anger, blind madness
Invoke the beast of darkness
No 'cause they all must die.

Like a hell raisers monster of rage
Unleash a fury trough yours sword of hate
Destroy and murder retaliate
Harness the power of all the beast in black

Like a hell raisers monster of rage
Unleash a fury trough yours sword of hate
Destroy and murder retaliate
Harness the power of all the beast in black
