Beatles - Something (demo)

(George Harrison) Lead Vocal: George Harrison (demo) Something in the way she moves

Attracts me like no other lover
Something in the way she moves
Something in the way she woos me
I don't want to leave her now
You know I believe her now
Somewhere in her smile she knows
That I don't need no other lover

Something in her style that shows me Don't want to leave her now

You know I believe her now

You're asking me will my love grow I don't know, I don't know Dum dum dum dum You stick around now it may show I don't know, I don't know Dum dum dum dum dum You know I love that woman of mine And I need her all of the time Now I'm telling you That woman, the woman don't make me blue Something in the way she knows And all I have to do is think of her Something in the things she shows me Don't want to leave her now You know I believe her now You know I believe her now
