

Beautiful Mayhem, Hope Is Glory

Beautiful Mayhem
However I Feel E.P.
Hope Is Glory
And now the time has come
To save us
Whats strong will never
Break us
Sweet Glory, breathing in the air
Dont know you, why should I care?

I kill my head
Losing control

We will always be free
And we still wonder, why we never came

Hope Is Glory
Hope Is Glory
Hope Is Glory
Hope Is Glory

Ill take my time
Just to be there
Its now or never
No need to fear
Ill take my time
Just to be there
Its now or never

Thats why never came,
And youre the one to blame
