

Bebe Rexha, Comeback Kids

Do you remember the year 1989? That's when I started shining shining.
In the summer heat on the Brooklyn streets, baby I came out fighting fighting.
oh. burst the fire hydrant, we burn brighter than the sun.
and You say I was born a loser but I keep on winning. I keep on winning!

Na! Na! Here we come!
Don't you know the night is young?
screamin out our fuckin lungs!
Never stop the comeback kids!
Na Na! We never sleep!
Flaming hearts don't skip a beat!
A million strong we flood the street
You'll never stop the comeback kids!

Life it chewed me up and then it spit me out. But I strike just like lightning lightning.
I'm just another face, a face in the crowd baby I keep on rising rising
oh. put it in the paper you know the the fun has just begun
and You say I was born a loser but I keep on winning. I keep on winning!

Na! Na! Here we come!
Don't you know the night is young!
screamin out our fuckin lungs!
Never stop the comeback kids!
Na Na! We never sleep!
Flaming hearts don't skip a beat!
A million strong we flood the street
You'll Never stop the comeback kids!

Can you hear our blood boiling? Time is now.
Forever came calling. No way out.
Can you hear our blood boiling? Time is now.
Forever came calling. No way out.

Na! Na! Here we come!
Don't you know the night is young!
screamin out our fuckin lungs!
Never stop the comeback kids!
Na Na! We never sleep!
Flaming hearts don't skip a beat!
A million strong we flood the street
You'll Never stop the comeback kids!
