

# Bebe Rexha, I Got Time

[Chorus]

I just wanna do what I want (what I want, just)  
I don't want no one to tell me nothing (nothing, no)  
I just wanna live how I want (how I want, woo)  
I don't wanna hear nothing about it  
'Cause I got time, I got time  
I'll go and get high if I wanna get high  
Love who I want  
'Cause I got time, I got time  
'Cause I got time, I got time, I got time  
And right now I ain't worried 'bout none  
Yeah, right now I ain't worried 'bout none  
Yeah, right now I ain't worried 'bout none

[Verse 1]

I do what I wanna  
I run up the commas  
We mix marijuana with a cup of liquor  
All my friends are monsters, I don't need no sponsors  
Spend this money now 'cause I might not be here tomorrow  
I mix-match designers, I'm a fashion statement  
I'm elevated high but I started on the pavement  
Yeah, I came from nothing, turned it into something  
Look into the mirror tell myself "I'm fucking awesome"

[Chorus]

I just wanna do what I want (what I want, just)  
I don't want no one to tell me nothing (nothing, no)  
I just wanna live how I want (how I want, woo)  
I don't wanna hear nothing about it  
'Cause I got time, I got time  
I'll go and get high if I wanna get high  
Love who I want  
'Cause I got time, I got time  
'Cause I got time, I got time, I got time  
And right now I ain't worried 'bout none  
Yeah, right now I ain't worried 'bout none  
Yeah, right now I ain't worried 'bout none

[Verse 2]

I don't hear opinions, I don't ever listen  
Haters wanna see me fall, tell 'em "Keep waitin'"  
I don't have no patience, I'm immune to fake shit  
Everybody in my crew, we fucking amazing  
Yeah, I ball, yeah, I'm ballin' like LeBron  
100,000 for the charm, I'm so irresponsible  
Momma said take it easy but I don't never take it easy

[Chorus]

I just wanna do what I want (what I want)  
I don't want no one to tell me nothing (nothing, no)  
I just wanna live how I want (how I want, woo)  
I don't wanna hear nothing about it  
'Cause I got time, I got time  
I'll go and get high if I wanna get high  
Love who I want  
'Cause I got time, I got time  
'Cause I got time, I got time, I got time  
And right now I ain't worried 'bout none  
Yeah, right now I ain't worried 'bout none  
Yeah, right now I ain't worried 'bout none
