

# Bebe Rexha, Take It Off ft. Julia Michaels

[Verse 1]

Just wiped the lipstick of my lips  
I wanna feel you in the kiss  
Don't make me work so hard for it  
Nothing I want more than this

[Chorus]

I put it on baby, on baby  
Just so you could take it off baby, off baby  
Now can't you see  
I want you so bad, want you so bad  
I put it on baby, on baby  
Just so you could take it

[Post-Chorus]

Just so you could take it  
Just so you could take it  
I want you so bad, want you so bad  
I put it on baby, on baby  
(Just so you could take it)

[Verse 2]

You say I got too many walls  
'Cause I've been hearing it's not my fault  
I built [?], don't make me fall  
I want you to have it all

[Chorus]

I put it on baby, on baby  
Just so you could take it off baby, off baby  
Now can't you see  
I want you so bad, want you so bad  
I put it on baby, on baby  
Just so you could take it

[Post-Chorus]

Just so you could take it  
Just so you could take it  
I want you so bad, want you so bad  
I put it on baby, on baby  
(Just so you could take it)

[Bridge]

I got your body in my hands  
Now watch me come at your command (oh, yeah)  
I will do the greatest shit [?]  
I'll give you all of me tonight  
I said I'll give you all of me tonight  
Give you all of me tonight  
I said I'll give you all of me tonight

[Chorus]

I put it on baby, on baby  
Just so you could take it off baby, off baby  
Now can't you see  
I want you so bad, want you so bad  
I put it on baby, on baby  
Just so you could take it

[Post-Chorus]

Just so you could take it  
Just so you could take it  
I want you so bad, want you so bad  
I put it on baby, on baby

(Just so you could take it)
