

Beborn Beton, Forever

Why dont you see, this pain lasts forever?
We would be living together apart. We wouldnt go far.
We would never be able to cope with, the ones thta we are.
So let us be what we shall be.
Forever.

Sometimes Im sad and i cry and I wish it would rain.
Sometimes when I see dispair in your eyes and you need someone to help you get over the pain.
Though I try to hold on to my dreams.
Of a world without anger and fear.
Its so hard to believe we'll be saved from whats going on.

Here in my realm I allow you to tell me your needs.
here is the peace that you seek. When you bleed.
From the wounds you take from living the life you beseech.
Did i tell you I knew all along?
Dont you think there is some kind of truth in it,
Wasnt it you who walked out on me, wasnt that you?

Why dont you see that this pain lasts forever?
We would be living together apart. For we wouldnt go far.
We would never be able to cope with the ones that we are.
So let us be what we shall be.
Forever.

Sometimes id lie you to die, cause it drives me insane.
Theres a whole lot of china broken, But Im not the one to take over the blame.
And you knew that we had our chance.
Couldnt live with or without one another.
I guess we'd be better off dead then together.
