

Becky G, Zooted (ft. French Montana, Farruko)

i'm on it /2x
you know i;m on it
popping, drinking, smoking, we gon' be here till morning
the morning /2x
sweating till the morning

you want it /2x
I know you want it
feeling on my body, baby
do I make you want me?
higher /2x
let mi take you higher
come and let me put some gasoline on the fire

zooted, I'm zooted
the room is spinning around and around
and tonight I'm going stupid
I wanna wake up in the clouds
tell my friends I'm pulling up
put some liquor in my cup
because I' zooted, so zooted
I'm getting higher off your love

zooted zooted
zooted
hop in get ghost in a phantom
with a topic in the tropicanas
100 chains on me, do the dancing
let me take you back to the mansion
shawty, every night we getting madder
looking at the haters, make them mad
1 shot, 2 shots, turn it up
2 spinning to the name of love
raybans, getting low from the ground
I know designer all back and white, panda
diamonds flashing like the paparazzi cameras
zooming in Maldives catching tans
fly, pelican fly!
sacrface
lambo's on the doorway
we high baby for life
French vanilla all day
I;m in love with you small waist
back it up dirty wine it
baby every day we gon'
shine /3x

zooted, I'm zooted
the room is spinning around and around
and tonight I'm going stupid
I wanna wake up in the clouds
tell my friends I'm pulling up
put some liquor in my cup
because I' zooted, so zooted
I'm getting higher off your love

zooted zooted
zooted zooted
zooted zooted
se abren las puertas pa arriba del lambo
abran paso que por hay va entarar Rambo
ready junto a la tropa vamo al mambo
hoy se rompe y este ritno lo baila hasta el sambo
empezo la mpovie

hueso cule
que muevan esa chpota pa uno ver
ahora que es?
la llama mujer
que ella mismo me trepo en al mesa
y llueven yo me los di a cien
un fuego, que prendan la movie
un juego, no le baja y le suben
un fuego, todo le mundo baja al lobby
porque el fuego se prendio el hotel
un fuego, que prendan la movie
un juego, no le baja y le suben
un fuego, todo le mundo baja al lobby
porque el fuego se prendio el hotel

zooted, I'm zooted
the room is spinning around and around
and tonight I'm going stupid
I wanna wake up in the clouds
tell my friends I'm pulling up
put some liquor in my cup
because I' zooted, so zooted
I'm getting higher off your love
