

Becky Hill, Sigala, Heaven On My Mind

Was up in the clouds
Was finally free

I heard a choir
Started to sing
The songs that we sang
When you were with me

I never thought I'd be so high
There's no need for me to hide
All I need is right here with me now

I can feel it my bones
Almost like I am coming home
Nothing in this world can bring me down

I've been searching for a sign
Everything is gonna be alright
Got no religion
But tonight baby
I got heaven on my mind

Now I am standing
In the light
Everything is gonna be alright
Got no religion
But tonight baby
I got heaven on my mind

Angel of mine
You're all I need
To reach, paradise
All my worries and fears
Are carried away
When you are near

I never thought I'd be so high
There's no need for me to hide
All I need is right here with me now

I can feel it my bones
Almost like I am coming home
Nothing in this world can bring me down

I've been searching for a sign
Everything is gonna be alright
Got no religion
But tonight baby
I got heaven on my mind

Now I am standing
In the light
Everything is gonna be alright
Got no religion
But tonight baby
I got heaven on my mind

heaven on my mind
heaven on my mind
heaven on my mind
heaven on my mind
