

# Bee Gees, Fallen Angel

Fool in the night on the stair  
With the light by the window  
Out in the jungle of life she was  
Yearning to go  
All of the years I've been there for the tears  
She will sell you  
Out in the city she search for the face  
That she knew

Did you believe that a love so alive  
Could be over

(CHORUS)

Caroline  
Fallen Angel  
Caroline  
Oh oh oh, oh oh oh  
oh oh oh oh  
Fallen Angel  
I'm so lost  
Tonight, lonely tonight  
Lonely tonight

Fool is the father who clings to the  
Child he is losing  
Mother too weary to question  
The wisdom of youth  
There with your head in your hand  
As you pray to her picture  
Out in the rain she would search  
For somebody to hold

Did you believe you could find  
What you need with a stranger

(CHORUS)

Did you believe that a love so alive  
Could be over

(CHORUS)
