

Bee Gees, Treacle Brown

1)

Sunlight breeze , wind filled trees
And all the time , it's ten o'clock
And all is well
The clock is young and time will tell

2)

Yellow stars , bright because
Far away my ears can hear the village bell

It's twelve o'clock and all is well

Chorus:

Me and my little white mountain goat
And the seas , all fields around
Me and my little white mountain goat
With his eyes all treacle brown

Repeat verses 1,2 and chorus
