

Beer Coaster, Buddies

Know that you.. were someone.. to hear me
Don't you try.. to get somewhere near me
Everything.. is so wrong.. about you
If I had a wish then you would be gone

I been waitin' for some time
to see you fall
and I don't give a broken dime
about you all
Crawling underneath my shoes
like piece of shit.
You're the one who's gonna lose
I'm done with it...
I'm done with it...
Now see me walkin' out the door
I'm done with it...
Now see me walkin' out the door n'fuck you all
I'm never comin' back no more...

I been waitin' for some time
to see you fall
and I don't give a broken dime
about you all
Crawling underneath my boots
like piece of shit
You're the one who's gonna lose
I'm done with it...
I'm done with it.
I'm done with it.
I'm done with it.
I'm done with it.
I'm done with it!

n'fuck you all
I'm never comin' back no more.

I waited for a lot of time
And I don't give a broken dime
Crawling under my boots like shit
You're meant to lose. I'm done with... it!
