Before Dark F/ Sole

Miscellaneous

Baby

I've spent all my days, all my time

Thinkin' 'bout you, baby

Now it's the things you do

That's got me feenin' for you, my baby, ooh...yeah

Give me what I want

And I will make you happy

I'll give you what you need

And we can make it happen

Don't you wait no longer

I can't take this, baby

Can I be with you

Don't you know you got me hopin', baby

You know I want you badly (Mmm, hmm) , baby

And you know you feel the same way too

I'm the one to keep you happy, baby

Just let me be down with you

Baby-baby-baby-baby-baby

Seven days I miss you

Seven nights you know I'm thinkin' 'bout you

Now while we're wastin' time when you know you should
be mine

Stop fakin' 'cause you know you got it goin' on

You know (Uh) I want you badly, baby

You know you feel the same way too (Too)

I'm the one to keep you happy, baby

Just let me be down with you

Baby-baby-baby-baby-baby

You are the one I see in my fantasies

When I'm dreamin' (When I'm dreamin')

I'll be your everything (Everything)

If you get down with me, I'll give you what you need,
baby

Uh, yeah

You'll be beggin' me please, "Want you bad" on my
hands on knees

Got that fire, so you sweat when I take the T

Get it hot, baby, don't drop, feel the breeze

Get you sprung with the love shots I'll receive

Do it well when I freak you

If you comin' with ends then I'mma keep that

Don't be waitin' too long or it will be gone be long
