

Before You Breathe, You Can Change The World

When we are together
Our hearts can beat as one
Through stormy weather
Let's shelter our fragile hearts
So hold on to this moment
Enjoy this time and place
Oceans may pull us apart
They can never take what's in our hearts
We can change the world
You can change the world from where you are standing
We can change the world
We can change the world with love and understanding
Change the world, change the world
More than a feeling, God's love is all around
It's now or never so together share what we have found
Living it loud, turning it round
Changing the world, turn it upside down
Letting them see in you and me
Just what it means to be set free
We can change the world with love and understanding
