

Belinda Carlisle, Christmas Lullaby

It's Christmas time,
It's Christmas time,
Peace on earth, this starry night.
I will sing my gift to you,
A Christmas lullaby.

I hold you close to me
under twinkling lights.
Rock you softly as
the day turns into night.
The angels are listening...

It's Christmas time
It's Christmas time
Peace on earth, this starry night.
I will sing my gift to you,
A Christmas lullaby.

The wind blows gently
whispering your name.
Somewhere bells are ringing,
it seems so far away.
The angels are listening...

It's Christmas time
It's Christmas time
Peace on earth, this starry night.
I will sing my gift to you,
A Christmas lullaby.

I hold you close to me
near the candlelight.
You are sleeping
in my arms tonight.

It's Christmas time
It's Christmas time
Peace on earth, this starry night.
I will sing my gift to you,
A Christmas lullaby.

Its Christmas time
Its Christmas time
Peace on earth, this starry night.
I will sing my gift to you,
A Christmas lullaby.
A Christmas lullaby.
A Christmas lullaby.
