Sugar Daddy (1980)

What you need's a sugar daddy diamond rings and a brand new caddie

Little things to help a girl make it through

What you need are satin pillows ribbons flowing down like willows

What you need is me to love you

You're the kind of woman who likes to be on her own

Except for those times you need a man all night long

You like the finer things all my money can buy

I like the way your body sings I love the fire in your eyes

What you need's a sugar daddy diamond rings and a brand new caddie

Little things to help a girl make it through

What you need are satin pillows ribbons flowing down like willows

What you need is me to love you

We could be a secret our own private affair

I would give the world to you just so you'd know that I care

If friends should find out if they start to frown

I'll put your pedestal up so high they won't dare to look down

What you need's a sugar daddy diamond rings and a brand new caddie

Little things to help a girl make it through

What you need are satin pillows ribbons flowing down like willows

What you need is me to love you

What you need is me to love you
