

# Belouis Some, Some People

Some people dance cheek to cheek  
Some people dance  
Life was so simple then, a kind of playtime  
You made it easy then, we had a great time  
I try not to talk too fast  
Like you do when you fall in love  
But some people let their passion scream  
And some people understand their dream  
Life was so simple then, a kind of playtime  
You made it easy then, we had a great time  
Some people dance cheek to cheek  
Some people dance  
Life was so simple then, a kind of playtime  
You made it easy then, we had a great time  
I take you somewhere different  
It's only me can see the change  
Cause some people are tied to emotion  
And some people understand their dream  
Life was so simple then, a kind of playtime  
You made it easy then, we had a great time  
Some people dance cheek to cheek  
Some people dance  
Life was so simple then, a kind of playtime  
You made it easy then, we had a great time
