

Belphegor, Gasmask Terror

Cosmic grim cremation
Nuke the world, die!
The earth shakes
Fire of hell, rot upon the cross

Chemical warfare
Strength through Kraft

Gasmask Terror
We invade with fire
Flamethrowers roaring
Death to all!

Gasmask Terror
We crush the world
Nuclear Sathan
Fuck you all!

Death strikes torture
Nuke the world, die!
Nature collapsed
Seething sandstorm, the hills have eyes

Agent orange
Strength through Kraft

Gasmask Terror
We invade with fire
Flamethrowers roaring
Death to all!

Gasmask Terror
We crush the world
Nuclear Sathan
Fuck you all!

Only the strong will survive
While the sheep wait to die
