

Ben Folds, Gracie

You cant fool me

I saw you when you came out

You got your mommas taste

But you got my mouth

You will always have a part of me

And nobody else is ever gonna see

Gracie girl

With your cards to your chest

Walking on your toes

What you got in the box

Only Gracie knows

And I would never try to make you

Anything you didnt really want to be

Gracie girl

Life flies by in seconds

Youre not a baby

Youre my friend

Youll be a lady soon

But until then

You got to do what I say

Nodding off in my arms watching TV

I wont move you an inch

Even though my arms asleep

One day youre gonna want to go

I hope we taught you everything

You need to know

Gracie girl

And you will always be apart of me

And nobody else is ever going to see

But you and me

A little girl

My Gracie girl
