

Benton Paul, Favorite thing

Lost,
I was lost
Lost without you
Searching through and through
Found,
I have found
Found it all in you
Nothing I'd rather do
Than be here right here with
You
My favorite thing!
Time,
It takes time
Time to find the best
And weep through all the rest
Nothing,
There is nothing
Nothing in this world
That makes me feel secure
And lifts me like you do
You
My favorite thing!
Always, I complain, never again,
Always, I complain, never again with
You
My favorite thing!
