Benton Paul, The Devil

Don't tell me I'm not good enough
I'll be my own judge and
Don't tell me I won't make the cut
I'll be passing you up!
Hear me, I am good enough
Don't need none of your love
Here me, I'll turn the volume up
And sing it loud!
Sing it loud and reach the crowd
When I say,
You'll be lookin' up to me one day, yeah!
Oh please, you don't have the strength
I'm here, here to stay
So don't tell me, I don't have a place
No matter what you say, I'm on my way!
You'll see! That's not how to play
Just leave, before it's too late
You'll see when I finish up the race,
I'll sing it loud!
Sing it loud and reach the crowd
When I say,
You'll be lookin' up to me one day, yeah!
I don't believe in revenge,
I don't believe it brings an end
But I do believe in truth
And the truth is, I come to this
Every time I need confidence
I should it out and
Sing it loud and reach the clouds
When I say,
You'll be lookin' up to me one day, yeah!
