

Beth Ditto, We Could Run

On television
Kings and queens
Live a lives
Of people's dreams
You and I are human beings
Living grief been

They are rules
That I'm into break
You can call that this
Is a great mistake
We can always play safe
But that's no ...

We could run
We could run

Hold me close
And hold me fast
I never thought you ever rest
Some moments meant to last
But this ain't one

We could run
We could run

We could run
We could run
We could run
We could run
