## Beth Hart, Bang Bang Boom Boom

Road is white, sky is black Rattlesnake run down your back There's a house, like a small Bang bang bang boom boom boom

I want your love, I want your love I want your poison in my cup Morning sun rises soon Bang bang bang boom boom boom

Bang bang, in ring of fire
Bang bang, my sweet desire
Bang bang, my love is true
Bang bang, I'd die for you
Bang bang bang boom boom boom

It's counted down from ten to one Crazy eye, lucky gun We were born, thats black and bone You're the sticks, I am the stone

Bang bang, in ring of fire Bang bang, my sweet desire Bang bang, my love is true Bang bang, I'd die for you Bang bang bang boom boom boom

Everybody will be... rock and roll suicide Meet you on the other side Bullets made from silver spoon I got a medal just for you Go anhead and make your move Do a song

Bang bang, in ring of fire
Bang bang, my sweet desire
Bang bang, my love is true
Bang bang, I'd die for you
Bang bang bang boom boom boom
And the last bang bang may be for you
